Exhaustive in its scope, this book provides a comprehensive study of the natural and modified history of congenital heart disease. Focusing particularly on the discussion of fetal and post-natal outcomes, the contributors seek to place developments in historical perspective. Virtually all surgical and catheter-based strategies to enhance outcomes of all forms of congenitally malformed heart are analysed, covering the morphology and genetic basis of each particular abnormality, and issues that were germane to evolving different therapeutic strategies. Using data from the records of the Toronto Hospital for Sick Children, contributors highlight the complications of the various forms of therapies and identifies particular risk factors for mortality and morbidity.

This heavily illustrated manual provides a timely, in-depth review of the art of sniping in war and antiterrorist environments. Drawing on a vast, firsthand knowledge of sniper skills, former British Army sniper and sniper instructor Mark Spicer describes the role of the sniper in peace and in war, in reconnaissance and counter-surveillance, in cities, in vehicles, at night and by day. He presents crucial information about training and equipment, judgment and positioning, details of great relevance to professional marksmen, both military and law enforcement. This comprehensive manual will also be of interest to hunters, weapons enthusiasts, competition shooters, and paintball participants. The book is complimented by 280 full color illustrations, diagrams, and related information.

Provides an overall introduction to the welding process, illustrating most of the common equipment and work techniques for both the home and shop welding.

'Clothing that is not purchased or worn is not fashion' (to paraphrase Armani) Knowledge of marketing is essential to help ensure success and reduce the risk of failure in fashion. For the designer starting up in business, this book offers a guide to the major decisions that will enable you to fulfil your creative potential and be a financial success: What are the major trends we should be monitoring?; How should we set our prices?; What is the most effective way to get our message across about the new product range?; Which colour-wash will be the most popular with buyers? Marketing is now a firmly established element of most fashion and clothing courses. Fashion Marketing is written to meet students' requirements and has many features making it essential reading for anyone involved in the fashion and clothing business: · deals with contemporary issues in fashion marketing · up-to-date examples of global good practice · exclusively about fashion marketing · a unique contribution on range planning with a practical blend of sound design sense and commercial realism · a balance of theory and practice, with examples to illustrate key concepts · clear worked numerical examples to ensure that the ideas are easily understood and retained · over 50 diagrams · a glossary of the main fashion marketing terms and a guide to further reading · a systematic approach to fashion marketing, not hyperbole or speculation. The new edition has been updated throughout with new material on different promotional media, visual marketing and international marketing research; and new coverage of internal marketing, supply chain management, international marketing communications as well as the role of the internet. See [www.blackwellpublishing.com/easey](http://www.blackwellpublishing.com/easey) for supporting pack for tutors, including PowerPoint slides for each chapter plus ideas and exercises for seminars.

Ancient Greek Beliefs explores the mysteries of the ancient myths and religious beliefs of a great people. The text is divided into three sections, Greek mythology, the ancient Greeks, and conclusions. A brief history and lengthy glossary are included. The book is designed as a basic text for the introduction to ancient Greek mythology and beliefs, and the text muses about the religious lessons we might learn from them. It contains abridged stories of Greek mythology, including the extant Greek plays, and considers portions of the works of the great writers, including Aeschylus, Euripides Hesiod, Homer, Plato, and Sophocles. It opens a comprehensive window into the lives of these great ancient people.

In 1912 Edward Bach qualified as a medical doctor and embarked upon a career which not only had a profound effect on medical science, but brought to ordinary people the world over, a simple, safe and effective system of healing. Dr. Bach made a detailed study of bacteriology, immunology and homeopathy and found a clear connection between chronic disease and negative mental attitudes. It was the relationship between mind and body which formed the basis of his further research and as he became increasingly convinced that emotional harmony was the key to good health, he was determined to find a simple, non-invasive and harmless method of healing which could be used safely by everyone. The Medical Discoveries of Edward Bach tells how Dr. Bach's work developed, from his childhood hopes and dreams of a healthy society, to the discovery of a complete system of 38 natural remedies which address all aspects of human nature, emotional outlook and personality. Edward Bach was an eminent physician whose remarkable contribution to medicine, healing and humanity has yet to be fully realised.

Saltwater Fly Patterns is a compilation of superb color photographs and clear, effective recipes for hundreds of the most popular and proven flies used by the experts. This is the much-needed complete revision of the standard handbook on saltwater fly patterns. This new edition includes twenty new color plates and brings the total number of flies shown and described to more than 350. Also, this edition includes new and innovative flies from South Africa, Australia, France, England, and elsewhere throughout the world.This book is essential for any fly fisherman who fishes in salt water, anywhere in the world. (7 X 9 1/4, 224 pages, color photos)

Her ex is back and he wants revenge. But what will he do when he finds out the real reason she dumped him... And about their secret baby? Revenge is best served SEXY Russian oligarch, Alexei Rustanov, wants nothing more than to leave his past behind, including the sassy Texas beauty, Eva St. James, who so callously broke his heart back when he was a poor grad student. But when he runs into her at a wedding eight years after their tumultuous break-up, passions ignite and Alexei decides he will settle for nothing less than red-hot, dirty, and oh-so-erotic revenge. Can he have his Eva and get his revenge, too -- without losing his heart again?

A new play from an award-winning playwright, published as part of the innovative Abbey Theatre playscript series On the day of her father's funeral, Eva - a young woman - is still haunted by the betrayal she witnessed from her childhood haven - the treehouse in the garden. On the same day another woman, Magda, relives the ghosts of another hiding place and a different betrayal - ghosts from which she still seeks forgiveness. Interweaving lives and secrets Treehouses is a magical tale of refuge, treachery and of love lost and found.
